PROCEDURES

Application:
- All applications for special consideration must be made using the appropriate Special Consideration form available on NIDA Learn.
- The completed application form and supporting documentation are to be submitted to the Director, Student and Staff Services no later than ten (10) working days after the deadline for submission of an affected assessment, or of a performance or examination or other assessment event.
- Students must ensure that all evidence related to the case in the form of supporting documentation is submitted with the application.
- The Director/CEO or delegate will assess the application in light of all evidence available to the Board, and make a determination of what, if any, opportunity may be awarded to the student in terms of reduction of late penalties, or the opportunity to undertake an additional assessment, in order to reduce the impact of the unforeseen circumstance.

Supporting documentation:

A letter of support should be provided only when the student was unable to obtain medical advice on the date or dates he or she was affected by exceptional circumstances.
  - Where a student has applied for special consideration or deferred final assessment in more than one semester, NIDA may seek additional documentation from the student that provides details of specific medical conditions to form a better understanding of their continuing impact on the student's capacity to sit examinations and complete assessment.
  - Evidence may be provided by other professionals who are registered with a professional body, such as social workers, lawyers and psychologists. Where possible, such certificates must state that the student was unfit or unable to complete work for assessment on or before the relevant date.
  - Where a student has applied for special consideration or deferred final assessment in more than one semester, NIDA is entitled to seek additional documentation from the student that provides details of specific conditions suffered to form a better understanding of their continuing impact on the student's capacity to sit examinations and complete assessment.
