Undergraduate Tuition Fee Schedule 2022 - International Students

Introduction

The following is a summary of the current tuition fees, payment options and administration fees for 2022. This information is provided as a guide to assist your understanding of the Bachelor of Fine Arts fees.

Before applying for a course at NIDA, you should consider your financial responsibilities as a full time international student in Australia. You will have to prove your financial capacity to cover tuition fees, travel and living costs and Overseas Student Health Cover (OSHC).

- Fees are subject to annual review and may increase each year
- Any changes to fees are implemented at the beginning of an academic year and apply to all eligible students for the remainder of their course
- Tuition fees are invoiced on a semester basis
- All fees are in Australian dollars

Application Fee

NIDA welcomes applications from international students for enrolment in the Bachelor of Fine Arts courses.

International applicants are required to attend an audition or interview in Australia, although for non-Acting courses an interview may be available through Skype or similar. Auditions and interviews are held in November and early December each year. Check the applications pages after 1 July 2022 for more information on dates and places for auditions and interviews.

All applications attract a non-refundable application fee of AUD$75.00
Payment of the application fee must be made before your application will be considered.

The Fee Refund Policy is available at:
https://www.nida.edu.au/courses/undergraduate/nida-student-policies

Tuition Fees

For international students the 2022 annual tuition fee for Bachelor of Fine Arts in all disciplines is AUD$31,560 (made up of AUD$15,780 for each of the two semesters in 2022).
Please note: Fees are reviewed annually and may increase each year.

International students must pay tuition fees upfront.

Upfront payments:

You can pay:

- In full
- By semester

Tuition fees are to be paid in advance before the commencement of each study period.

Census dates

Census dates are the last date in a semester that you can withdraw without being liable for the semester tuition fees.

A commencing international student who withdraws from a course before midnight (Australian Eastern Standard time) on the census date of first semester will receive a refund of tuition fees paid less an administrative charge of $300.

If you withdraw from the course before midnight on the census date of any semester, you will not be financially liable for fees due for that semester. If you withdraw from the course after the census date, you will still be liable for fees due for that semester.

The tuition fee and refund policy for international students is available at: https://www.nida.edu.au/courses/undergraduate/nida-student-policies

The Census date occurs each study period. As a student, it is your responsibility to be aware of the Census date for each study period and confirming all your enrolment details before this date. It is also the last date that you can change your mind about studying without incurring academic penalty.

The census dates for the Bachelor of Fine Arts in 2022 are:

Semester 1	28 February 2022
Semester 2	15 August 2022

Payment

At the time of enrolment an international student must pay a minimum deposit of AUD$7,890 (50% of the first study period tuition fee i.e. one semester) to secure their place and for NIDA to generate a Confirmation of Enrolment (CoE) for the purposes of the student obtaining a visa.

The tuition payment for the first study period of $15,780.00 + Overseas Student Health Cover (OSHC) for the duration of enrolment are due on the submission of your completed enrolment documentation. Overseas Student Health Cover (OSHC) for the duration of enrolment must be paid to your chosen OSHC provider before your visa will be granted.

The subsequent payment of the tuition fees for each study period is due 2 weeks before the commencement of that study period in which you are enrolled. Payment can be made by credit card, direct deposit or electronic funds transfer.

Overseas Student Health Cover (OSHC)

In addition to your tuition fees if you hold an international student visa, a condition of your visa is that you hold Overseas Student Health Cover (OSHC) for the duration of your visa.

To meet this requirement, you should pay for overseas student health cover (OSHC) for yourself and any family members who will live with you in Australia. The OSHC provides medical and hospital insurance. Students studying in Australia must satisfy the health requirements specified in the Migration regulations.

You will be asked to provide proof of this on your first day of school. This is also a condition of your visa. For more information go to: https://archive.homeaffairs.gov.au/trav/stud/more/health-insurance-for-students

Additional Costs

Acting students must wear "blacks" to class every day; students need to make sure they have at least a couple of sets of blacks to get themselves through the week.

Retractable pencil – HB, and a lead pencil eraser	
Scale ruler that includes 1:25, 1:50 and 1:100 scale. Only to be used for measuring - not cutting.	
Steel ruler/s, 30cm and 50cm, tape a line of masking tape on the back to give it more traction and to stop it slipping when you cut. (With some models, you may need a longer ruler than recommended. Two is a good start).	
Large see-through plastic set squares - 45 degrees and 30/60 degree + a **protractor.**	Large adjustable setsquare	
Good quality compass set with extendable arm	

A number **3 scalpel handle** and a stock of **size 11 blades**. When using this tool, you should protect your eyes by wearing **clear plastic goggles**. A scalpel is most useful for fine model-making work and essential when making furniture and small delicate objects. Always wrap the used blade back in the original foil pack before disposing.	
A small size retractable knife, good for fine to medium cards – With snap off blades (snap into bin and wear protective goggles) Much better for fine cards than a Stanley Knife.	
Stanley Knife, most useful on heavier cards, but must have a sharp blade.	
Cutting matt – At least A2 in size.	Circle cutter with **replacement blades**, with **extendable arm.**	

YOUR MATERIALS –Your basic model making materials should include:

Aquadhere and **sauce bottle**-type dispenser. It is sometimes cheaper to own a 1 - 2 litre bottle of Aquadhere. However it is much easier to control and not waste glue by using a sauce bottle-type dispenser.	
A **kitchen sponge** cut up into disposable parts and **small dish** with a little water, for wiping away excess glue when gluing.	
Araldite – 5 minute	

Zap A Gap	
Fimo Soft – oven ready modelling clay, 25 colours, but can be painted.	
Design Master - Fast Drying, water based **Matt White Spray** – excellent as a model-making under-coat. Make sure you read the instructions on how to clean the nozzle, shake before use and drying time before re-spraying. Be sure to spray in good ventilation and wear the recommended ventilator mask. http://www.koch.com.au/design-master-spray-paints/	
Design Master - Fast Drying, water based Satin - **Clear Spray**, is excellent as a final seal after colour work. Make sure you read the instructions on how to clean nozzle, shake before using and drying time before re-spraying. Be sure to spray in good ventilation and wear the recommended ventilator mask. http://www.koch.com.au/design-master-spray-paints/	
2 x 2B pencils **1 pen** **1 pencil rubber** **1 notebook** **1 USB with large storage** **1 good quality pencil sharpener** **1 roll of masking tape** **1 roll of magic tape** 1 glue stick 1 adjustable angle set square – clear plastic **1 paper scissors, with good points** Discuss which paints, watercolours, markers coloured pencils you have in your equipment stock. Discuss which paintbrushes you have in your equipment stock	
Different weights of white and black cardboard from heavy papers through to ivory card and then pasteboards.	
White and Black Foam-core board	
Sand paper fine to medium and wet and dry	
Fishing line	
Different weights of string	
Tracing Paper	
Pins, bulldog clips varying sizes	
Acetates, various thicknesses	
Cheap and good paintbrushes of various styles and thicknesses	

Bachelor of Fine Arts (Design for Performance)

Optional Equipment It is beneficial, but not essential to have the following equipment: Digital camera Scanner Colour printer Laptop or computer with Photoshop, Word and Excel	

Throughout the Year

You will need to buy some model specific materials along the way as your design and classwork progresses.
You may need to have your drawings digitally printed on special papers as we get further ahead with you costume designs. You will have a small budget for this, which we will discuss in the first week.
You may need to purchase specific papers/paints/fabric swatches for your costume design renderings.

Required Clothing

Safe working clothing is *COMPULSORY* when in the workshop area. Closed shoes must be worn at *ALL* times in the workshop studios and theatres. Protective footwear such as rubber-soled Blundstones are compulsory for use in all workshop areas and theatre spaces so you must have these at the beginning of your course

To access NIDA wireless (iWIRE) network, students are required to have access to a Laptop (Windows 7 and later), MacBook (Mac OS X 10.6 Snow Leopard or later) or a Tablet (less than three years old with wireless facility). Student Visa

International students are required to demonstrate and/or declare to the Department of Immigration and Border Protection that they have genuine access to sufficient funds to be granted a Student visa.

The amount charged for the student visa application is dependent on which visa you are applying for. Please refer to the website of the **Department of Immigration and Border Protection** for visa information. http://www.border.gov.au/

Applying for a Student Visa

A student visa application can be made once you have received a written offer from NIDA. For information on how to apply for a student visa go to the Study Australia website. https://immi.homeaffairs.gov.au/visas/getting-a-visa/visa-finder/study

It is expected that all students will be available to start on the first day of the NIDA year, with the first week for new students being Orientation Week. If there is a valid reason, such as a visa issue, commencing students can seek permission to miss some or all of the first week, Orientation Week.

Only in the most exceptional circumstances will permission be given to start at NIDA at some other day at the beginning of the first term.

Cost of Living

We estimate that you need approximately AUD $20,000 to cover living expenses in Sydney for each year of study.

In addition, we recommend that you have at least AUD $2000 when you arrive to cover the initial costs of books, rental bond, and furniture.

These figures do not include large household items (such as a refrigerator) or a car. We recommend that you use public transport, as owning a car can be expensive and there is very limited parking near NIDA.

Tuition Fee Policy – International Students

Acceptance of an Offer of Admission

Tuition Fee Deposit

International students are required to pay a tuition fee deposit of AUD$7,890 (50% of the first study period tuition fee i.e. one semester) by the due date in order to accept an offer of a place at NIDA. The balance of the tuition fees for the semester must be paid by the due date, which will be on the fee invoice.

Student Visa

On receipt of the deposit NIDA will issue a Confirmation of Enrolment for Overseas Students (CoE), which a student requires in order to apply for a student visa for travel and temporary residence in Australia.

Deferment

It is not possible to defer acceptance of an offer to enrol at NIDA. If an applicant is unable to accept an offer to commence at NIDA, it is necessary to apply again for admission in a subsequent year.

Health insurance – Overseas Student Health Cover –

The Australian Government requires that student visa holders are covered by medical insurance (Overseas Student Health Cover) for the duration of their study in Australia. Students are responsible for obtaining their OSHC and must show proof of payment to NIDA at enrolment.

Payment of Tuition Fees

Tuition fees are charged on the basis of the units of study (subjects) in which the student is enrolled. Tuition fees are reviewed annually and will usually increase each subsequent year. Tuition fees must be paid by the due date and can be paid by electronic funds transfer to NIDA. All payments must be made in Australian dollars.

Non-payment of tuition fees

Failure to pay tuition fees by the due date may result in a student's enrolment being cancelled. Students who have a family member or organization, who has agreed to cover their tuition costs, must note that NIDA considers the student to be solely responsible for any financial liability to NIDA. Non-payment of fees may lead to cancellation of enrolment. Students experiencing difficulties with payment of tuition fees should speak to the Director, Student Engagement, Learning and Quality Assurance. Students who do not pay their fees or have an overdue debt to NIDA will not have access to assessment results, NIDA facilities or official transcripts of results and will not be permitted to enrol in any subsequent semester or to graduate (whichever is applicable) until the debt has been cleared.

Change of Residency

A student, who is granted Australian permanent residency on or before the census date of a semester, may change their status to a domestic student for that semester and subsequent semesters. The student must provide NIDA with proof of residency on or before the census date. A student, who is granted Australian permanent residency after the census date of a semester, is liable for international student fees for that semester but is considered a domestic student for subsequent semesters. The student must provide NIDA with proof of residency on or before the census date of the subsequent semester.

Refund Policy - International Students

Withdrawal Prior to Enrolment – Commencing International Students

A refund of all tuition fees paid, less an administrative charge of $300, will be made if a student, who has accepted a place at NIDA, withdraws before enrolment. A refund of all tuition fees paid will be made without an administrative charge if the student is not able to enrol in the course due to:

- Not being granted a student visa or
- NIDA not being able to provide the course for which the offer has been made or
- Illness, or exceptional circumstances, for which documented evidence is provided.

A refund request form must be submitted in order to enable the refund to be made.

Withdrawal after Enrolment and on or Before the Census Date – Commencing International Students

An international student who withdraws from a course before midnight (Australian Eastern Standard time) on the census date will receive a refund of tuition fees paid less an administrative charge of $300. Notice of withdrawal must be received by NIDA in writing on or before the required withdrawal date. A refund request form must be submitted in order to enable the refund to be made.

Withdrawal on or before the census date – re-enrolling international students

A re-enrolling international student who withdraws from a course before midnight (Australian Eastern Standard time) on the census date will receive a refund of tuition fees paid for that semester. Any tuition fees that have been paid in advance for a subsequent semester will also be refunded. Notice of withdrawal must be received by NIDA in writing on or before the required withdrawal date. A refund request form must be submitted in order to enable the refund to be made.

Withdrawal after the census date – commencing and re-enrolling international students

An international student who withdraws from a course after the census date will not receive a refund of tuition fees paid for that semester. Any tuition fees that have been paid in advance for a subsequent semester will be refunded.

Refund of tuition fees - exceptional circumstances

A student, who withdraws from a course after the census date of the semester, may apply to receive a refund of tuition fees paid for that semester on the basis of exceptional circumstances. Exceptional circumstances are circumstances which: - are beyond the student's control - do not make their full impact on the student until on, or after, the census date; and - make it impracticable for the student to complete the requirements for the course during the period in which the student undertook, or was to undertake the course The student must provide independent supporting documentary evidence and demonstrate that there are exceptional circumstances that meet this definition.

Refund Procedure – All Students

A refund request form must be submitted in order to enable the refund to be made. Refunds of tuition fees will be made within four weeks from the date of request or the date of clearance of the original payment, whichever is the later. Refunds will be paid in Australian dollars and are usually made by the original payment method to the person or account from which the original payment was received.

Consumer Protection

This policy does not remove the right to take further action under Australian consumer protection laws.

Withdrawing from NIDA

A student may withdraw from a course at any time by writing to the Director/CEO indicating that he or she wishes to do so. All fees, loans and fines need to be paid, all borrowed books and journals returned to the NIDA Library and the University of New South Wales Library and all equipment returned.

The relevant course census date is the last date for students to withdraw from NIDA and receive a refund of tuition fees for the period.

If a student withdraws after the census date, there will be no refund of fees.

An undergraduate student will have 'Withdrawn' registered on his/her academic transcript providing the withdrawal takes place no later than one calendar month after the census date in the relevant semester. If a student withdraws after that date, a result of 'Fail' will be recorded on the transcript for the relevant subject/s.

Indebtedness to NIDA or UNSW

The Director, Student Engagement, Learning and Quality Assurance after proper notice, may withhold assessment results, prohibit re-enrolment or refuse graduation to any student who is in debt to NIDA and/or UNSW. Indebtedness includes failure to pay any fee, fine, loan or other charge and failure to return all library books and other equipment. Under exceptional circumstances, the Director/CEO may waive or defer these matters.
