Introduction

The following is a summary of the current tuition fees and payment options and administration fees for 2021. This information is provided as a guide to assist your understanding of the fees for vocational courses at NIDA. Fees are subject to annual review and may increase each year.

- Any changes to fees are implemented at the beginning of an academic year and apply to all eligible students for the remainder of their course.
- Fees are invoiced on a termly basis.
- All fees are in Australian dollars
- Vocational courses are only available to Australian citizens, permanent resident visa holders and New Zealand citizens.

Census dates

Census dates occur each study period, they are the date in which a student's enrolment is confirmed for that period. Census dates occur at least 20% of the way through each term. All invoiced tuition fees are due by the census date. This is also the last date in a term that a student can withdraw without financial penalty.

Students must be aware of the census date for each study period and are responsible for confirming all enrolment details and tuition payment preferences before this date. The census date is the deadline for submitting a request for VET Student Loans assistance and/or submission of a Tax File Number (TFN). If a student misses the census date, they will not be eligible to access VET Student Loans for that study period and may be required to pay their tuition fees upfront that term.

The census date is also the deadline for withdrawing from study without incurring further course costs or a VETSL Debt. If a student withdraws from their course before midnight on the census date, they will not be financially liable for fees due for that term. If a student withdraws from a course after the census date, they will still be liable for fees due for that term.

The census dates for 2021 are listed on the course pages of this document

Fee Payment Options

Students can pay their full fee costs upfront each term or can apply to access a VET Student Loan.

Upfront Payments

Students can select to pay for their term fees upfront. An invoice will be sent via email at the start of each term and payments can be made using electronic transfer, BPAY, credit card or cheque. **Tuition fees are due by the census date each term.**

Electing to pay tuition fees up front does not prevent a student from accessing VET Student Loans for the following term. Students must notify the Vocational Studies Department of their intention to change their tuition payment method before the commencement of the next term so the correct invoice can be issued. Students will also be required to complete an electronic Commonwealth Assistance form (eCAF) is lodged before the next census date.

VET Student Loan and Gap Amount

The National Institute of Dramatic Art has approval from the Commonwealth Government to offer VET Student Loans for all diploma courses. VET Student Loans are available to Australian Citizens and permanent residents only. They assist eligible students to defer part of their tuition fees to a government assisted loan. The loan cannot be used for any additional expenses such as course materials or living expenses. Students can request a VET Student Loan at enrolment.

The Australian Government releases course caps annually for the amount of tuition fee which can be covered by the VET Student Loan, in 2021 the course cap amount is;

Diploma of Musical Theatre	\$16,077
Diploma of Live Production and Technical Services	
Diploma of Stage and Screen Performance	
Diploma of Screen and Media (Specialist Make-up services)	

*VSL Course Caps Indexed Amounts released 19 Aug 2020

Enrolled students are required to pay the remainder of the course fee not covered by the VET Student loan each term; this amount is referred to as the Gap Amount. Students will receive an invoice for the upfront amount of their term fees via email, and payments can be made using electronic transfer, BPAY, credit card or cheque. **Tuition fees are due by the census date each term**

A 20% loan fee applies to all VET Student Loans. This fee is added on a termly basis and is itemised on the Commonwealth Assistance Notice (CAN) issued via email after the census date each term. The loan fee is added to the VET Student Loan, it does not need to be paid upfront. Further information regarding VET Student Loans can be found here;
<https://www.education.gov.au/information-vet-student-loans-students>

VETSL Debt

Students who chose to access the VET Student Loan will acquire a VETSL Debt. This debt will be to the Australian Government through the Department of Employment, Skills, Small and Family Business. A VETSL Debt includes the amount of loan used to cover tuition fees and the 20% loan fee. VETSL debts are managed through the Australian Tax Office and can be reviewed online using a myGov account <https://my.gov.au>

VETSL Debts must be paid back at the relevant repayment rate when an individual's income is above the compulsory repayment threshold. Repayment amounts are taken out of their pay by the Australian tax system. It is possible to make voluntary repayments towards VETSL Debts at any time to reduce their balance; payments are made directly to the Australian Tax Office. More information about paying back VETSL Debts can be found here;
<https://www.education.gov.au/vet-students/how-repayments-are-made-vet-loans>
<https://www.ato.gov.au/Individuals/Study-and-training-support-loans/Voluntary-repayments/>

Tuition Fee Refund Policy

A domestic student, who lodges a written request for withdrawal from a unit of study on or before the census date, will be withdrawn without penalty from the unit of study in which they are enrolled. The student will be refunded any tuition fees paid up front for the Unit of Study and/or will not incur a VETSL Debt for the unit. The student is not required to apply for a refund; rather the action of withdrawing from a unit of study is sufficient action.

A student who lodges a written request for withdrawal from a unit of study after the census date will not receive a refund of any tuition fees paid upfront and/or will incur a VETSL Debt for the unit of study.

A student may apply to have any tuition fees they have paid up front or their VETSL Debt balance re-credited, if the student withdraws from a unit of study after the census date, due to special circumstances, or if the student has been prevented from completing the requirements of a unit of study after the census date, due to special circumstances. The student must provide independent supporting documentary evidence and demonstrate that there are special circumstances that meet the definition. Students who have a VET Student Loan for tuition fees for the relevant period should refer to the NIDA Policy on Re-crediting FEE-HELP Balance and Removal of FEE-HELP Debt available on the website.

Review of a decision

A student has the right to apply to the Director/CEO for a review of a decision not to re-credit the student's VET Student Loan balance. The Director/CEO will not have been involved in making the original decision and the Director/CEO is senior to the original decision makers. The time limit for applying for a review of a decision is 28 days from the student receiving notice of the decision. The student must state the reasons why he or she is applying for a review. Upon receipt of the Application for Review the Director/CEO will review any decisions regarding re-crediting of the student contribution amount or the re-crediting of their VET Student Loan balance and removal of their VETSL Debt

Debt Complaints

A student may make an application to The Administrative Appeals Tribunal (AAT) or to the VET Student Loans Ombudsman for a reconsideration of NIDA's decision to refuse to re-credit their VET Student Loan balance. Upon written notification from the AAT or Office of the Commonwealth Ombudsman that an appeal has been lodged, NIDA will provide all original documentation relevant to the appeal in a timely manner.

For further information regarding debt complaints please refer to the following websites;

returned to the NIDA Library and the University of New South Wales Library and all equipment returned.

The relevant course census date is the last date for students to withdraw from NIDA and receive a refund of tuition fees or without incurring a tuition fee liability for a VET Student Loan for the period.

If a student withdraws after the census date, there will be no refund of fees, and/or a VETSL Debt will be incurred. The student will receive a Statement of Attainment for the units of competency completed so far as part of their qualification providing the withdrawal takes place no later than one calendar month after the census date in the relevant semester.
