# Introduction

The following is a summary of the 2026 Commonwealth Supported Place (CSP) student contribution amounts and administration fees for 2026. This information is provided as a guide to assist your understanding of the Bachelor of Fine Arts fees.

Student Contribution amounts are set annually by the Department of Education.

- Student Contribution amounts are charged on a semester basis.
- All amounts are in Australian dollars.

## Application Fee

There is no application fee in 2025 for 2026 courses.

## Payment Options

As a CSP student, you have three options for paying your student contribution amount:

### 1. Upfront payments:

You pay by semester.

### 2. Using HECS-HELP

No payment is required at the time of enrolment or re-enrolment if you access HECS-HELP. Eligibility requirements apply. See Study Assist [Loan Eligibility](#).

### 3. Combination of Upfront and HECS-HELP

When choosing a combination of Upfront and HECS-Help, you must select which subjects you are paying upfront, and which subjects you are deferring via HECS-Help.

See below for more information on payment methods.

## Upfront

The student contribution amount must be paid no later than the census date for the subject.

You can either elect to pay your student contribution in full, or pay a portion upfront, with the balance deferred via HECS-HELP.

If you elect to pay your student contribution amount up front, this does not prevent you from accessing HECS-HELP at any time, provided a [Request for Commonwealth assistance form](#) is lodged through eCAF before the earliest Census Date for each study period.

## HECS-HELP\*

HECS-HELP is a loan scheme that assists eligible students to pay all or part of their student contribution amount.

There is no interest applied to the HECS-HELP debt, however it is indexed annually by the Australian Taxation Office (ATO) to maintain its real value by adjusting it in line with changes in the cost of living.

For more information about your rights and obligations, please visit the [Study Assist](#) webpage

## When is a HECS-HELP debt incurred?

You incur a HECS-HELP debt immediately after the census date for the subject for which you received HECS-HELP assistance. If you have requested a HECS-HELP loan, but change your mind about studying, you must cancel or defer your enrolment in writing from the subject(s) on or before the census date or you will incur a debt to the Commonwealth Government.

## Census dates

The census date is the last date in a semester that you can withdraw from a subject without being financially liable for the fees. The Census date occurs at least 20 per cent of the way through the study period (semester). If you withdraw from the subject before midnight on the census date, you will not be financially liable for fees due for that subject. If you withdraw from the subject after midnight on the census date, you will be liable for fees due for that subject. The earliest Census date for the semester is the deadline for submitting your Request for HECS-HELP assistance form and/or submission of your Tax File Number (TFN).

**If you miss the Census date, you will not be eligible to access HECS-HELP for that subject and will be required to pay your student contribution amount upfront.**

**As a student, it is your responsibility to be aware of the Census date for each study period and confirming all your enrolment details before this date.**

**It is also the last date that you can change your mind about studying without incurring academic penalty.**

Census dates for the Bachelor of Fine Arts in 2026 are included in the student contribution list.

## Financial assistance

Eligible students, who are Australian residents, can apply to Centrelink for financial assistance through Youth Allowance, Austudy or ABSTUDY. Visit [Centrelink](#) or call 132 490 for more information.

## Scholarships

NIDA scholarships are designed to encourage and enable students to devote themselves full-time to their NIDA studies. Scholarship funds are limited and vary from year to year.

Scholarships will only supplement the cost of living and do not cover full living costs while studying.

Through the generosity of donors and bequests each year NIDA is able to offer a number of scholarships to students to assist with living costs. These are allocated to students using a range of criteria, including financial need.

Full-time Degree and Post Graduate Degree students are eligible to apply, as long as they are domestic applicants (those who are citizens or permanent residents of Australia, citizens of New Zealand or holders of an Australian humanitarian visa). Details and the application form can be found on the NIDA Website [Scholarships](#) page

How are they allocated?

Scholarships are means tested. Once a student completes their scholarship application and the scholarship application period closes, the scholarship committee meets to assess the applications and allocate funds against a range of criteria including financial need.

Scholarships are paid fortnightly over the course of the academic year. Not all students receive the same amount of money. Scholarships vary in amount and may be assessed annually according to the type of scholarships, the amount of available funding and the number of applications received.

## Travel Concessions

Australian students are eligible to apply for a NSW Tertiary Student Concession Card and/or concession Opal card.

You are eligible for a NSW Tertiary Student Concession Card if you:

- ☐ Are an Australian citizen or permanent resident of Australia
- ☐ Reside in New South Wales
- ☐ Are enrolled in an Australian Qualifications Framework, accredited higher education or vocational education and training course at a tertiary institution authorised by Transport for NSW to issue tertiary student concession cards
- ☐ Are a full-time student enrolled on an internal basis (except where a person, by reason of disability, is enrolled on a part-time basis and/or on an external basis).

All students being issued with a travel concession must fill in an application form which will be provided at enrolment. Concession Opal cards [FAQS](#).

## Fee Refund Policy

A domestic student, who lodges a written request for withdrawal from a Unit of Study (subject) on or before the census date, will be withdrawn without penalty from the Unit of Study in which they are enrolled. The student will be refunded any student contribution amount paid up front for the Unit of Study and/or will not incur a HECS-HELP debt for the Unit. The student is not required to apply for a refund; rather the action of withdrawing from a Unit of Study is sufficient action.

A student who lodges a written request for withdrawal from a Unit of Study (subject) **after** the census date will not receive a refund of any student contribution amount paid upfront and/or will incur a HECS-HELP debt for the Unit of Study.

## Re-Crediting of HECS-HELP Balance and Removal of HECS-HELP Due to Special Circumstances

You can apply to have your HECS-HELP balance re-credited if you withdraw from your studies after the census date and/or if you are unable to complete the requirements of the unit (subject).

Your application must be made in writing within 12 months of the date of withdrawal from the unit, or if you have not withdrawn, within 12 months of the end of the period of study in which the unit was, or was to be, undertaken.

NIDA may waive the requirement for an application to be made before the end of the application period, on the ground that it would not be, or was not possible for the application to be made before the end of that period.

Your Application Form and all supporting material must be lodged with The Director of Learning and Innovation and you must provide independent supporting documentary evidence which clearly demonstrates that your circumstances meet all of the following criteria:

- ☐ The circumstances were beyond your control
- ☐ The circumstances did not make their full impact on you until on, or after, the census date; **and**
- ☐ The circumstances make it impracticable for you to complete the requirements for the unit during the period in which you undertook or was to undertake the unit.

The Director of Learning and Innovation is responsible for making an initial decision on your application and will report their determination in writing to the CEO.

The Director of Learning and Innovation will notify you within two weeks of the decision, the reasons for making the decision and advise you of your rights for a review of the decision if you are unsatisfied with the outcome. If the decision is made to re-credit the HECS-HELP balance, NIDA will notify the Department of Education through the HELP Variations File.

NIDA will repay to the Commonwealth any HECS- HELP assistance NIDA received from it on the student's behalf. The Department of Education will inform the Australian Taxation Office, who administers HECS-HELP, that the debt has been removed.

## Review of a decision

You have the right to apply to the CEO for a review of a decision not to re-credit your HECS-HELP balance. The CEO will not have been involved in making the original decision and the CEO is senior to the original decision makers. The

time limit for applying for a review of a decision is 28 days from receiving notice of the decision and you must state the reasons why you are applying for a review. Upon receipt of the Application for Review the CEO will review all information related to your original application together with any further information/evidence provided.

## **The Administrative Review Tribunal**

You may make an application to the Administrative Review Tribunal for a reconsideration of NIDA's decision to refuse to re-credit your HECS-HELP balance and may supply additional information to the Administrative Review Tribunal, which you did not previously supply to NIDA. Upon written notification from the Department of Education that an appeal has been lodged, NIDA will provide the Department of Education within a further 5 business days all original documentation relevant to the appeal. The Secretary of the Department of Education or the Commonwealth Government department which has the responsibility for administering the Higher Education Support Act 2003, (the Department) or the Secretary's delegate will be the respondent for cases that are brought before the Administrative Review Tribunal.

## **Withdrawing from NIDA**

You may withdraw from a course at any time by completing NIDA's official withdrawal form. All fees, loans and fines need to be paid, all borrowed books and journals returned to the NIDA Library and the University of New South Wales Library, and all equipment returned.

The relevant subject census date is the last date for you to withdraw from NIDA and receive a refund of student contribution amounts or without incurring a HECS-HELP loan for the period.

If you withdraw after the census date, you will retain financial liability for the units of study.

An undergraduate student will have 'Withdrawn' registered on their academic transcript providing the withdrawal takes place no later than one calendar month after the census date in the relevant semester. If you withdraw after that date, a result of 'Fail' will be recorded on the transcript for the relevant subject/s.

## **Indebtedness to NIDA or UNSW**

The Director of Learning and Innovation after proper notice, may withhold assessment results, prohibit re-enrolment, or refuse graduation to any student who is in debt to NIDA and/or UNSW. Indebtedness includes failure to pay any fee, fine, loan or other charge and failure to return all library books and other equipment. Under special circumstances, the CEO may waive or defer these matters.
